DESIGN AWARD 2020

NEW HEADQUARTERS OF HIGOLD GROUP

designed by pininfarina

HIGOLD GROUP

The image which has driven the main concept is the mother-daughter portrait, the mother leads the way to the child supporting her during the first steps in life. And the design just echoes with the first letter of "Higold"-"H". There are 22 floors and it can accommodate 1800 workers.

HIGOLD SHOWROOM

HIGOLD SHOWROOM

This is our new showroom. Total 3000 square meters. It is on top of the building.

HIGOLD SHOWROOM

At the same time our furniture can prove themselves the ability to with stand the rain and sun.

MODERN WORKSHOP AND AUTOMATIC MACHINE

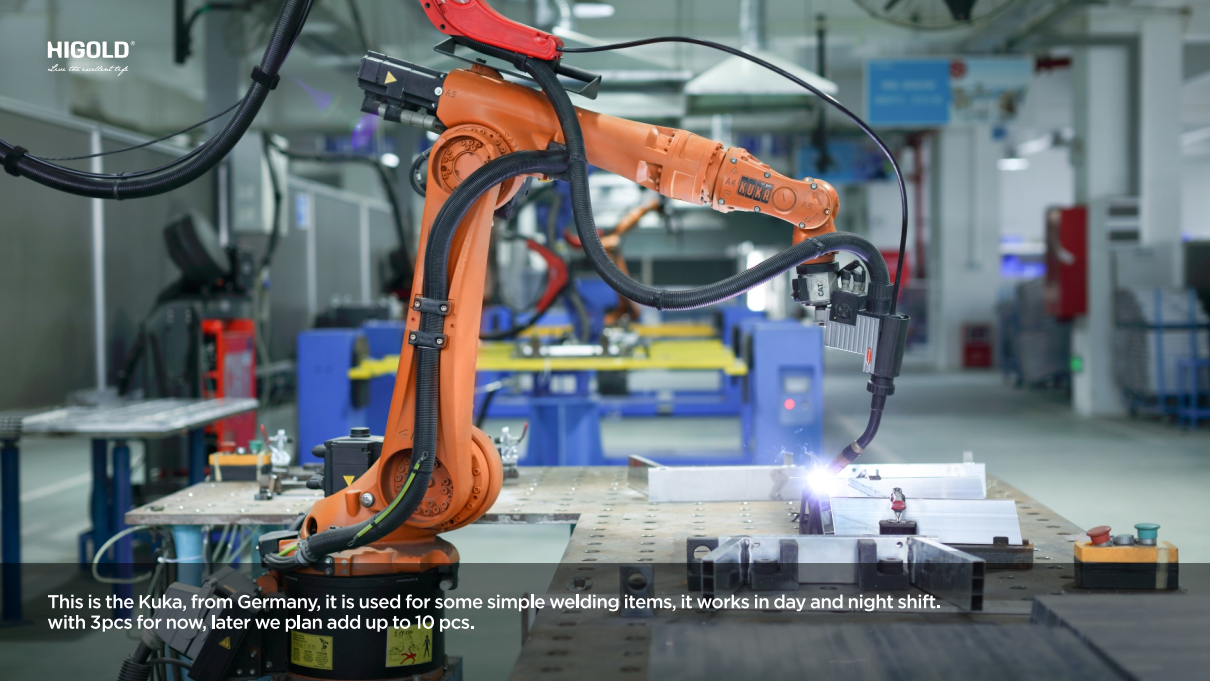

we put a lot of investment on the auto machines to increase the production efficiency and reduce manpower. Products can be more detail-oriented.

HIGOLD

China's leading CNC machine tool manufacturer

Auto matic drilling machine, in short we call it CNC", it applies for the aluminum slats cutting or drilling.

This is the Kuka, from Germany, it is used for some simple welding items, it works in day and night shift.
with 3pcs for now, later we plan add up to 10 pcs.

Auto powder coating spray line, from switzerland, it costs million dollar, one of the world's best powder coating lines.

This is auto machine for cutting fabrics.
